How much time do you spend with your child driving in a car or riding the train or bus together? For many of us, it's part of our daily routine, making it a great opportunity to talk, read and sing together! As you go by the park or store, you can say things like, "That's where we played last weekend," or "There's the grocery store where we buy healthy foods." [Let's Talk Cars graphic]

When you spend time in the car with your child, count how many traffic lights you pass! For more ideas to build your baby's early math skills, check out our early math guide with @HighlightsforChildren: <http://talkingisteaching.org/resources/highlights-guide>

As you ride the bus or travel in the car with your child, talk about the colors of the cars you see!

Do you spend time in the car, train or bus with your child? If so, use this time as an opportunity to talk, read & sing together! [Let's Talk Cars graphic]

Talk with your child about vehicles with different numbers of wheels. How many wheels does a car have? How many wheels does a bicycle have? #LetsTalkMath #LetsTalkCars
