

TALKING WITH BABIES  
DURING THEIR FIRST  
YEAR OF LIFE HAS A  
**HUGE IMPACT**  
ON THE REST OF THEIR LIVES.

The more words and  
conversations you share  
together, the better  
prepared they will be for  
school and for life!

STUDIES SHOW THAT A  
**BABY'S BRAIN**  
LIGHTS UP AT THE SOUND OF HER  
**MOTHER'S**  
**VOICE!**

Take time to talk, read and sing  
with your baby every day.
