

Too Small To Fail Posters

These posters, created by early childhood experts at *Too Small to Fail*, include fun ideas and prompts to encourage parents and caregivers to engage with their children in language-rich activities in the everyday spaces they visit.

Simple interactions like talking, reading, and singing with children from the moment they're born help them build their brains and prepare them for success in school and in life.

SINGLE
\$15

BUNDLE (X4)
\$50

Whether you are a business owner, community or organization leader, or an early educator, we hope these posters can help you transform your space into a fun, family-friendly, and learning-rich environment!

Sidewalk Math Decals

Early Math Skills

such as counting and identifying patterns have a big impact on early brain development and children's school readiness. Encourage early math and "number sense" through play with these colorful math decals! These Sidewalk Math decals were created by Lesley University's Creative Commons in partnership with *Too Small to Fail*.

COUNTING SNAILS
\$67

COUNTING DRAGON
\$158

Each order of the Sidewalk Math decals comes with a detailed instruction guide for how to apply them. You can watch a webinar to learn more about how to incorporate Sidewalk Math decals in your space here: [Bit.ly/Sidewalk-Math](https://bit.ly/Sidewalk-Math)
